

Position: Project Designer/Landscape Architect, 0-2 Years Experience

Company: The Architerra Group is a well-established, award winning, planning and landscape architecture firm located in Littleton. We provide consulting services to public sector clients in Colorado. Current projects include urban spaces, recreational and passive parks, multi-use trails, open space parks, and signage and wayfinding programs. We foster a creative and collaborative work environment and seek a likeminded professional to join our team.

We are looking for an entry-level designer to join our team.

Responsibilities:

- Prepare complete construction document sets, including specifications.
- Produce project graphics and renderings, both 2-D and 3-D.
- Construction administration and project coordination.
- Collaborate with team on project details and deadlines.

Requirements: Bachelor's degree in landscape architecture minimum. Must be knowledgeable about AutoCAD, Adobe Suite (InDesign, Illustrator, Photoshop), SketchUp, and Microsoft Office.

This is a salaried position with medical benefits, Simple IRA, Paid Time Off (PTO), and a performance bonus. Salary commensurate with experience.

For more details on our company or projects please view our website at www.architerragroup.com.

Please email a cover letter, resume, and portfolio in PDF format to: Lesanne at ldominguez@architerragroup.com Your portfolio should showcase construction document examples in addition to graphic abilities.

The Architerra Group is an Equal Opportunity Employer.
