

At Consilium Design, we don't just do projects; we create communities, we build neighborhoods and beautiful living spaces, places for people to experience a sense of their surroundings and connect with the environment and one another.

We are looking for a motivated, like-minded Landscape Architect to work on all facets of the design process starting from conceptual development to construction level documentation. We are a fun, fast-paced office and we need a team player to hit the ground running! You will have the opportunity to manage your own projects, attend client meetings and be part of an award-winning team!

What we are looking for from our new teammate:

You are a landscape architect with proven success in land planning, landscape architecture and graphic design. You have exceptional verbal and written communications. You'll need to be proficient with AutoCAD, Photoshop, InDesign, Sketch Up, and Microsoft Office. You'll have proven project management skills as well as the ability to interact well with clients and consultants.

Required Qualifications:

- Bachelor's Degree in Landscape Architecture
- 3-10 years of professional office experience
- Strong design, hand rendering, and computer rendering skills
- Strong verbal and written communication skills
- Strong organization skills
- Positive attitude, sense of accountability, and good judgement
- Ability to act as an independent thinker, to self-start and work independently
- An analytical mind with excellent problem-solving ability and critical thinking skills
- Ability to design with creativity and innovation
- A strong interest in learning, growth, and continuing education
- Landscape architecture license, or currently pursuing licensure

Salary and benefits competitive with the marketplace and commensurate with experience.

If this sounds like a design practice that has the mission, vision, and values you would like to be a part of, we welcome the opportunity to learn more about you. Let's continue the conversation - please send your cover letter, resume and work samples to:
