

Title:
Landscape Architect / Project Manager

Position Information:

Flexible – 20 to 40+ hours per week with potential to transition to full-time salary
Compensation commensurate with skills and experience

Summary of Position:

Confluent Design is seeking a part-time to full-time landscape architect / project manager with a minimum of five years of professional full-time experience. The ideal candidate is humble but passionate about civic work and has a passion for the environment and land stewardship. Candidates for this position should be self-motivated with the ability to prioritize and concurrently service multiple projects. This position requires a combination of project management, design, and production skills. Ability to work 40+ hours per week is less important than having the right qualifications and attitude.

Responsibilities will include both leading and supporting diverse project teams; providing excellent client coordination and service; programming, master planning, and design development of parks, open space and trails; production of full construction documents including details and specifications; preparation of sketches, models, illustrations, and presentation graphics; assist with preparation of reports and proposals.

Required Knowledge, Skills and Abilities:

- Excellent verbal and written communication skills
- Strong critical thinking skills
- Flexibility and adaptability to work with diverse project teams and clients
- Design visualization through hand and computer-generated graphics
- Demonstrated experience delivering projects from conceptual design through detailed construction documentation and specifications
- Proficiency in AutoCAD, Adobe Creative Suite (Photoshop, Illustrator, InDesign, Acrobat), Microsoft Office (Word, Excel, PowerPoint) and Google Earth
- Ability to work independently with good time management skills
- Experience designing public parks, open space, and trails projects
- Bachelor's degree in landscape architecture (BLA or MSLA)
- Demonstration of legal residency or valid visa

Additional Qualifications Desired:

- Experience with construction period services and/or design/build experience
- Experience with proposal writing and preparation of publications and reports
- Proficiency with 3-D modeling and graphics (Sketch-Up, Revit or 3D Studio)
- Proficiency with GIS (ArcMap)
- Knowledge of local plant communities and identification of native plants
- Experience with ecological restoration
- Appreciation for lifelong learning
- Current license in Colorado (or ability to become licensed soon)

Interested? Please send a cover letter, resume, three professional references, and work samples in PDF format (not to exceed 12 MB) to Kevin Lyles kevin@confluentdesign.net. No phone calls please! This posting will end on or before February 28, 2019.
