

**Stream Landscape Architecture + Planning** (Stream) focuses on technically challenging and sustainable projects in the realm of parks and open space, recreation, water-resources, green infrastructure, and urban design. We are seeking an inquisitive, enthusiastic, and team-oriented colleague to join our growing firm. The ideal candidate is self-motivated, consistently exceeds expectations, and wants to grow with the firm over the long term. They have exceptional technical and production abilities, a professional demeanor, and are passionate about being involved in all phases of work from vision development to implementation in both design and business operations. We believe strongly in a healthy work/life balance and greatly value team members who are motivated by their own drive to create exceptional projects. Our team-members are provided with excellent benefits including competitive salary and provisions for paid time-off, retirement savings, wellness and health care, continued education, and professional licensure.

Visit [streamla.com](http://streamla.com) to learn more [about us](#) and [what we do](#).

We embrace unique skill sets and backgrounds, yet a successful applicant will possess the following skills and experience to fulfill the baseline requirements of each position listed below:

### **Associate Landscape Architect Project Manager Experience level**

- A degree in landscape architecture with **7-15 years of proven work experience**;
- Licensed P.L.A. in Colorado (or progress on licensure track);
- Advanced AutoCad, Adobe Creative Suite, and Sketchup abilities (bonus: 3D Civil, Lumion);
- Able to provide and/or direct exceptional graphic renderings (hand and digital);
- Ability to work independently and also manage projects, schedule and delegate technical work, and direct and mentor junior staff;
- Critical/ strategic thinking skills with the ability to solve problems at conceptual and technical levels;
- Exceptional concept site design and grading skills (bonus: water-resource and/or public realm related);
- Ability to serve as primary contact with client and sub consultants on projects;
- Ability to provide quality review of drawings and specifications;
- Ability to participate in financial and workload project planning and fulfillment of contract responsibilities;
- Leadership in preparation of construction document drawing set and technical specifications;
- Professional communication skills (verbal and written) and client/consultant coordination;
- Professional appearance and behavior at work and in meetings.
- Passion to continually learn and push boundaries in the profession.

Other professional skills/qualifications that are not required, however would be valuable to the firm are:

- Experience with or desire to participate in marketing and business development and proposal development;
- Experience with or desire to participate in construction observation;
- Excellent oral and written communications skills including ability to deliver presentations to clients and public agencies, the public, at conferences, etc.;
- Experience with, or desire to participate in the development and production of reports and documents.

**\*No Calls Please** - Qualified candidates should email (Attn: [jclark@streamla.com](mailto:jclark@streamla.com)) a **single pdf file** (max 15mb) including: **resume, work samples, professional references**, and a **personal statement** that provides insight as to who you are personally, and specifically why you believe Stream would be a good fit.
