

6162 S. Willow Drive, Suite 320
Greenwood Village, CO 80111
303.770.8884 • GallowayUS.com

Galloway is currently seeking a **Landscape Designer** to join our team in Greenwood Village, CO. This is a fantastic opportunity for a highly motivated and creative self-starter to work directly with local and national land development projects in a highly collaborative interdisciplinary office environment. This would be a great opportunity to join a well-established team of Landscape Designers in the heart of Colorado's development community. The Landscape Designer assists in the design process and produces plans for the approval and development of public and private projects.

Duties and Responsibilities include:

- Assists in the preparation of improvement plans, specifications, supporting documents, and permit applications for a variety of projects.
- Performs site analysis, material and code research, landscape area and material quantities, grading impacts, and cost estimates, and provides other supporting documentation for public and private projects.
- Responsible for site renderings/illustrations.
- Assist with CAD drawings for schematic design through construction documentation.

Requirements:

Education: Bachelor's or Master's in Landscape Architecture

Experience: Two plus years of site planning and landscape design experience after educational requirements.

Qualifications:

- Understands the approval and permitting process for landscape architectural projects.
- Understands and uses landscape architectural principles, codes, and standards in landscape architectural design, including site planning, site layout and detailing, hardscape, grading, erosion control, planting design, and irrigation design.
- Demonstrates advanced knowledge of commonly used programs and procedures (e.g., AutoCAD, Microsoft Office Suite, SketchUp, and Photoshop) used in designing site and landscape plans, landscape architectural systems (including irrigations) and report preparation.
- Demonstrates effective leadership skills in directing and completing assigned work; ability to work on multiple tasks or projects.
