community design | entitlement | site design | landscape architecture | community imaging

JOB POSTING: ASLA – Colorado Chapter

Position: Community Planner / Landscape Architect

Experience: 5-10 years

PCS Group, Inc.: an energetic, Denver based, planning and landscape architectural firm with projects ranging from 10 to 2000+ acres has an immediate opening for an experienced individual who is eager to grow with us.

This position will be filled by a candidate who enjoys and works well in a team environment, but can also excel working independently. This new employee will work on a wide range of projects and tasks and will possess strong computer and project management skills.

Candidate should possess a degree in Landscape Architecture or Urban Planning, and they should be fluent in design software including CAD, Adobe products, and Sketch Up. Master Planning and entitlement experience considered a strong plus.

Most importantly, this candidate should be open minded, dedicated, motivated to excel, and willing to learn. The ideal candidate will have the experience, interest and ability to work in both the community planning and landscape architectural realms. Other attributes considered are strong interpersonal and communication skills with the ability to interact effectively with colleagues and clients at all levels.

We believe in rewarding our team with competitive salaries that are commensurate with experience and career objectives, in addition to a full benefits package including: top rated medical, dental, disability insurance, retirement, paid vacation, and sick time.
