

About Our People

Excellent design can't happen without exceptional people. This value continues to guide our growth. We hire talented people, inspire them with work that they love, and build a team that becomes a family. Take a few moments to get to know us. As we have spread out across the country – we've become an interesting bunch!

About Our Search

We are looking for a strong Landscape Architect to join our Denver office in the LoDo neighborhood. Our next team member will have excellent design, graphic and presentation skills and will be the point person on projects within multiple markets.

About You

You'll be a licensed Landscape Architect with a passion for design, teamwork, creativity and sharing experiences, along with 5-15 years of experience. You'll be a creative person with strong design and project management skills to lead projects from inception to completion along with exceptional client relationship skills. The successful candidate will have professional experience leading the design effort from concept to the final design on a variety of project types and scales.

Additional qualifications include:

- Excellent interpersonal, leadership, communication, marketing and presentation skills
- Demonstrated excellence in creative design solutions and ability to design and communicate those designs graphically and verbally while staying within project design budgets
- Experience preparing highly detailed construction documents and specifications
- Demonstrated excellence in Conceptual Design through Construction Documents, including hand sketches, plans and three-dimensional graphics such as Sketch-Up, Revit or 3-D Studio
- Demonstrated excellence in presentation graphics programs, such as Adobe Creative Suite (InDesign, Illustrator, and Photoshop)
- Experience managing contracts and sub-consultants of large multi-disciplinary teams
- The ability to train, mentor and manage emerging professionals
- Extensive construction management experience
- Ability to prioritize and concurrently service multiple projects
- Experience in proposal preparation and marketing
- Currently Registered as a Landscape Architect in Colorado (or capable of becoming registered in the short term). LEED Accredited Professional preferred

About Our Culture

Creative. Entrepreneurial. Responsible. Sensitive. We work hard and sometimes we're even a bit cranky with each other. But we're all trying to achieve something special here. We don't over plan, we look for opportunities. We're flexible, and we care about helping people to realize their potential. Think of our website, which shows our work, people and knowledge, as our formal living room. After you've gotten the lay of the land, trek down to the club basement by checking out our [Facebook page](#).

About Applying
