studioINSITE: 1 – 3 years experienced Landscape Architect / Designer

Want to see your design work built? If so, we are the dynamic firm you should join!

studioINSITE is a national leader committed to the design of meaningful and memorable places. We believe that the quality of the physical environment in which people live, work, study, and socialize contributes significantly to their enjoyment of life. A successful design goes beyond the physical attributes of place-making; it must also consider political, strategic, and economic drivers into any form-making aspiration. In partnership with our clients, our team of landscape architects and urban designers generate ideas translated into real solutions.

We are seeking a self-motivated, Landscape Architect / Designer excited by new challenges and the prospect of contributing to the planning, design, and implementation of the public realm in complex urban environments, mountain resorts, university campuses, mixed-use developments, parks and open space, and complete street infrastructure settings.

As a firm, we are dedicated professionals that strive for a balanced personal and professional life – we close our doors on Friday noon. Our office culture is one of casual professionalism, and as individuals, we strive for design excellence, technical knowledge, and the desire to always be learning and growing.

The ideal candidate demonstrates the following skills and traits:

- Bachelor’ or Master’s degree in Landscape Architecture
- 1-3 years of experience in a landscape architecture design firm
- Proficiency in AutoCAD, SketchUp, and Adobe Suites (Rhino and Lumion are a plus)
- Poses strengths in graphic communication, critical thinking, multi-tasking, and organization
- Have a basic knowledge of construction documentation (we get our project’s built)
- Have a good understanding of the local plant palette
- Able and willing to collaborate in a fast-paced, team-oriented environment
- Demonstrates a high degree of creativity coupled with a good sense of humor

Please submit your cover letter, resume and sample of your work to Gary Worthley, ASLA at GWorthley@studio-insite.com.
