

Stream Landscape Architecture + Planning (Stream) focuses on technically challenging and sustainable projects in the realm of water-resources, green infrastructure, parks and open space, recreation, and urban design.

We are seeking an inquisitive, enthusiastic, and team-oriented colleague to join our growing firm. The ideal candidate is self-motivated, consistently exceeds expectations, and wants to grow with the firm over the long term. They have exceptional strategic thinking and planning capabilities, writing and document production experience, a professional demeanor, and are passionate about being involved in all phases of work from analysis to vision development in both design and business operations.

We believe strongly in a healthy work/life balance and greatly value team members who are motivated by their own drive to create exceptional projects. Our team-members are provided with excellent benefits including competitive salary and provisions for paid time-off, retirement savings, wellness and health care, continued education, and professional licensure.

Visit streamla.com to learn more [about us](#) and [what we do](#).

We embrace unique skill sets and backgrounds, yet a successful applicant will have a solid background and proficiency in the following skills/experience to fulfill the baseline requirements of each position listed below:
